Earning Money.....

The best way to earn money is to save it. At the same time the world loves to get hold of the handle end of a bargain. It's better than earning it and it's also saving it. Bargains in foot-wear these days are scarcer than hens-teeth, but here we quote you some shoes that are "Snaps", that means that the price is lower than you can get them for elsewhere when you want some.

Men's Tan, hand sewed, shoes in cap and plain toe, \$3.50, 4.00, and \$5. Shoes at the low price of \$3.00.

Men's Tan Vici Lace, very soft, Nice Summer shoes. \$2 and \$2.50 regular price, we are selling them for \$1.80.

Lt of Ladies Tan shoes, lace coin toes, sizes 2 to 5, worth \$1.50 and \$2, for \$1.00.

Children's Strap Slippers and Oxford Ties, both tan and black, at 50c, 75c and \$1. We always have prices lower than any house in the city.

We have enlarged our store capacity and invite all our friends to come to see us in our handsome store and make it your home while in town.

YERKES NAMED.

Kentucky Republicans Nomi-
nate a Gubernatorial
Candidate.

Adopted Platform Declaring Goebel Election Law the Issue
And Adjourned.

Louisville, Ky., July 17.—The Republican State Convention today nominated for Governor Hon. John W. Yerkes, of Danville, adopted a platform declaring the issue of the election to be the Goebel election law and adjourned within three hours.

There were some anti-Goebel Democrats in the convention, but as to how many figures differ. In the Shelby county delegation there were according to a statement made from the platform, nineteen Democrats. A feature of the speeches was that they all paid tributes to what the Democratic party has done in the past, though they unsparingly denounced the present Democratic State Administration and the Democratic Legislature, indicating a purpose to welcome into the Republican party all Democrats who are opposed to the Goebel election law.

There was no nomination to be made by this convention except for Governor, as this year's election in Kentucky is an extraordinary one to fill the vacancy in the governorship made by the death of Wm. Goebel. The present Governor, Beckham, will hold this office only until his successor is elected and qualifies, unless he should himself be elected Governor.

Hon. John W. Yerkes, the nominee for Governor, is a lawyer and one of the most prominent Republicans in Kentucky. He is at present a collector of internal revenue, but before holding this place had not been an office holder. He was a strong candidate for the United States Senate when Senator Deboe was elected. Mr. Taylor announced that he would not be a candidate for re-election, and Mr. Yerkes announced himself as a candidate and no other name has since been mentioned for the place.

The convention was held in the Auditorium. The boxes were nearly all filled with ladies and in one were Mrs. W. S. Taylor, wife of the former Republican Governor, and four of her daughters.

ENGINE DERAILED.

Wreck Near Beaver Dam on The
Illinois Central.

Train No. 102, of the Illinois Central, left the rails near Hillside, forty miles from Nortonville at 1:30 o'clock Wednesday and the road officials are inclined to believe that it was the result of another attempt at train robbery. Luckily only the engine and mail coach left the track, and as the train was not running at a high rate of speed, no one was injured. A sardine can filled with rocks had been placed on the track and when the engine struck it it ran into the ditch. John Devinney was at the throttle, and after applying the air brakes, he jumped. The engine was badly damaged and carried with it the mail car, which fared even worse. The front end was knocked in and mail was thrown all over the ground. The car was pulled to Central City and side-tracked.

The only damage resulting to the passengers was a shake-up.

Chicago Grain Market.

Chicago, July 19.—(Special).—Aug. wheat opened at 74½, closed at 76¼. Sept. wheat opened at 75½, closed at 77½. Sept. corn opened at 37¼, closed at 39. Cash wheat 75½.

Mr. George Connell and Miss Mary Bell Barnett were united in marriage Monday night. The wedding took place at the home of Mr. P. H. McGinnis, on Thirteenth St.

DEMOCRATS

In Convention to Nominate a
Gubernatorial Candidate.

Beckham Leads And His Friends
Claim His Nomination As
Certain.

Lexington, Ky., July 19.—The Democratic State Convention met here to-day when the work of organization was at once taken up. Beckham's friends are claiming that he will have enough instructed votes to nominate on the first ballot.

The opposition will endeavor to concentrate their strength upon another candidate, probably McCreary or Chief Justice Hazelrigg.

Candidates Line up.

Lexington, Ky., July 18.—The opposition to Gov. Beckham to-night decided not to give up the fight, but to make a test on the election of a temporary chairman. To that end they have rallied around Mr. Frank Peake, of Shelby county, whom they will pit against Judge J. E. Robbins, of Graves county, the candidate of Gov. Beckham.

A large delegation of State officials and others came with Gov. Beckham from Frankfort, while the friends of McCreary, Black, Tarvin, Lewis, Smith, Garnett and Pryor are also here.

Judge Black has the most aggressive anti-Beckham delegations here for him. It is thought that Beckham will have less trouble with the contests before the Committee on Credentials and with both the temporary and the permanent organization of the convention than he will have with the Committee on Resolutions. The platform will be adopted before the nomination for Governor is made, and if the plank modification of the Goebel election law is not satisfactory there may be a movement on the floor of the convention to change it. If a minority report on resolutions is adopted over the majority report that the Beckham men expect to submit, then the field of candidates against Beckham will make desperate fight. They admit that their hope lies in difference between the Beckham delegates on this plank in the platform and the demoralization of the Beckham forces that may follow the report on resolutions.

Gov. Beckham has headquarters at both the Phoenix and the Le-land Hotels. He spends most of his time at the Phoenix, where he has rooms 18 and 20, which have been crowded with his friends all day.

Judge Tarvin has rooms 70 and 71, with Mr. W. B. Burke, of Covington, in charge. Buttons have been distributed freely by his managers, and he is feeling all right over the prospects.

Judge Black has taken personal charge of his headquarters in room 41 at the Phoenix, and has entertained numerous callers during the day and night. He says he will organize the convention, in which case he feels that his chances are good.

Mr. J. M. Richardson and Mr. Jack Lewis, son of Judge Lewis, are managing the headquarters for Judge Lewis. They also declared their candidate's chances to be good, although the headquarters, room 22, at the Phoenix, was closed early to-night.

W. B. Smith has also established headquarters, and is satisfied with his chances.

KENTUCKY CROP REPORT.

Condition July 11, 900.

General Conditions.

Under this head the State may be divided into two sections, the dividing line running due south from Louisville to the Tennessee line. West of this line, the almost universal complaint is made of too much rain and a serious damage to wheat and other crops, while east of it with a few exceptions the past month has been seasonable.

The estimate of this department June 1st was for three fourths of an average wheat crop. There has been loss in the western section and gain in the eastern section, one very nearly offsetting the other. The estimate for twenty-two counties from Daviess west was 80 per cent. of an average crop June 1st, which must be reduced to 69 per cent. July 1st. This is due to continued rain during the month. Corn and tobacco have suffered also and condition of both is lowered because of inability of farmers to cultivate the ground to keep down the weeds and grass.

In the eastern section, with few exceptions, conditions have been reversed and all reports show improvement in wheat except in a few places where it was injured by fly. The greater part of the Burley tobacco crop is grown in this part of the State and all reports indicate an increased acreage as well as a high average condition. The reports indicate generally healthy condition of live stock and little disease of a contagious nature. A herd of cattle in Hickman county is under suspicion of contagion and will receive the attention of the State Board of Health. The condition of the fruit crop varies according to neighborhood from which received. On the whole, though reports indicate rather poor prospect for apples, pears and peaches and about an average crop of grapes, with complaint of rot, which may yet reduce the yield.

As an example of the extreme of damage in the western section, we quote from a note sent by the correspondent in McCracken county: "The outlook for crops was never so gloomy in this county since I can remember. Older heads than mine say the same. Continued rains, amounting at times to floods, since the fifth of June, have reduced the outlook for a general all-round crop from the brightest I ever saw to the gloomiest. For four weeks there has been scarcely any plowing done and fully 50 per cent. of the corn and tobacco crops have never been worked at all, though the corn is large enough to 'lay by' and tobacco nearly large enough to close, with grass and weeds a close second. No one can give anything like an accurate estimate of conditions at the present time."

The following summary of the conditions as shown by the very full reports from the correspondents will not answer for any special county but reflects the condition in general. Reports from different places in the same county often differ widely.

Wheat.

The reports indicate 85 per cent. of an average crop. But for the improved condition in the eastern part of the State a lower figure would have resulted.

Corn.

Condition is given as 89, and acreage 100.

Oats.

Condition 91, and acreage about an average.

Hemp.

The condition is given at 87 as compared with average years.

Tobacco.

The favorable seasons enabled planters to set the crop early and in the Burley district it is doing well, which brings the condition up to 87 for the whole State, although much below that figure in the dark district. The acreage is 94.

Pastures And Meadows.

Pastures are given at 91 and meadows, 82.

Wool.

The clip of 1899 is 93 of an average; and the average price, 22 cents.

Fruit.

Apples promised a full crop earlier, but have fallen badly so that but little above a half crop is to be expected. The figures are apples, 60; peaches, 74; pears, 63, and grapes, 86.

I. B. NALL, Commissioner.

SHOT BY FRIENDS.

Wounded in Seymour's Column Slain at Their Own Requests.

New York, July 15.—A dispatch from Tien Tsin, July 8, says: Ineffable attempts have been made to conceal this horrible fact that Admiral Seymour was compelled to shoot his own wounded during the recent disastrous retreat of the Pekin relief expedition.

All the wounded and prisoners who fell into the hands of the Chinese were frightfully tortured.

The bodies had been cut into pieces. First the eyes had been hacked out; then the cheeks, arms and legs cut off, until death ended the sufferings of the poor fellows.

When Admiral Seymour in his retreat found himself so hard pressed that he was unable longer to carry his wounded with him, he asked them: "Which do you prefer to be left to the mercies of the Chinese or to be shot by your own comrades?"

As Admiral Seymour put the question the tears were running down his cheeks.

"We prefer death to torture. Shoot us now that we may die like men," was the piteous response of the helpless men.

A firing squad was told off and while the little group stood and beat off with gun fire the Chinese horde that surrounded it, inside its lines an act of mercy was performed as the firing squad carried out its orders.

A few merciful volleys from the rifles in the hands of friends and the harassed expedition was relieved of its burden of wounded. The fanatical Chinese horde was cheated of victims for its torture and the sufferings and fears of the unfortunates were brought to an end in an honorable death under their own flag.

The British and American forces are brigaded together on the west side of the town; the Germans and Japanese on the south side; the French and Russians on the north and a force of Cossacks hold the east side.

Scouts report that Imperial Chinese troops have arrived from Peking well equipped and with many guns.

Troops of native cavalry and hordes of boxers are coming from the east and south.

DAMAGED WALL TORN DOWN.

Clarksville's Court-House Will Be Replaced By Dec. 1.

Clarksville, July 11.—The contractors have now completed the work of tearing down the damaged walls of the burned court-house, and are waiting for the arrival of the new material, which has been ordered before going to work to build them up again. It has been found, on the whole, that a proper estimate was made of the condition of the walls. If no change is made in the original plans, the contractors express their confidence in being able to complete the work within the time limit set, Dec. 1, 1900.

LOST HIS NOSE.

That Member Being Completely Severed From His Face.

Bardston, Ky., July 16.—C. A. Wills, a representative of the standard Oil Company here, was seriously injured yesterday while driving from here to Fairfield. While going down a steep grade on the turnpike, the horse, which was blind, in some manner ran over an embankment, upsetting the buggy and throwing Wills against a fence stake. A splinter from the stake struck him just beneath the nose, severing that member entirely from the face. Wills is now at the Bardston Hotel in a serious condition. He is a resident of Glasgow.

David B. Hill, of New York, has consented to give one 'New York' campaign in Indiana. The date has not yet been announced.

Nine hundred horses were shipped from New Orleans Monday, bound for Cape Town, Africa. They will be used by the British army.

Col. Joseph Elboeck, editor of the Iowa Staats-Anzeiger, who advocated Palmer and Buckner in 1896, both on the stump and in his paper, announces that this year he will give his support to Bryan and Stevenson.

Articles of agreement have been signed by Fitzsimmons & Rubin to have the much-talked-of fight take place at the Madison Square Garden, New York. The date for the contest between the two heavy weights is Aug. 10.

The very latest thing in the way of organizations is the Anti-Nuptial League, which was formed among the young women of the Casino Hotel in New York this week. They feel they are being too much worried by "millionaires" whom, when they have married, they usually have to support.

A demand for more soldiers is coming to Gen. MacArthur from every department of the Philippine Islands. The present force is not large enough to garrison more than half the important towns, and a serious fight is believed to be inevitable in Mindanao, Luzon and the Zulu Islands.

Charles A. Towne, in a speech at Colorado Springs, declared that imperialism is the principal issue of the campaign. He declared that Americans had been fighting for two years in an endeavor to enforce a proclamation of General Otis, and that but for that proclamation no trouble would have occurred in the Philippines.

POWERS TRIAL.

Culton's Story Told to the Jury Proves Sensational.

Details Conversations He Alleged He Had In Reference to the Killing of Goebel.

Georgetown, Ky., July 18.—The Powers murder conspiracy case was resumed this morning, with the promise that several minor witnesses would be heard first, but that during the day some very sensational evidence would be brought out.

John A. Black, of Harboursville, a banker of that place, and a Republican of prominence, was the first witness. He said Powers came to him in January to advise him as to the propriety of the mountain organization which Powers was getting up.

"I asked Powers," said the witness, "what sort of a crowd he was getting up, and he said he was organizing an armed mob to go to Frankfort. I discouraged this, and told him it would injure the Republican party, would be a stigma on our end of the State, and ought to be abandoned. Powers, however, insisted that the mob should be formed. His idea was that it would intimidate the Legislature."

"I saw Mr. Powers later, and again remonstrated against the formation of the mob, which was going to Frankfort. Powers told me it was being formed with the approval of Gov. Taylor, Chas. Finley and other Republican leaders at Frankfort. Chas. Finley also came to me and endeavored to get me to co-operate with them. I protested bitterly. Powers became very angry with me on account of the position I took. I tried to dissuade them from the dirty band, and send good citizens, people of influence, if any crowd was to be sent."

W. H. Culton, who is himself under indictment as an accessory, and supposed to be the star witness for the prosecution for to-day, was called.

The defense, through Mr. Owens, raised a point against the competency of Culton as a witness, he being under indictment along with Powers and others as a co-conspirator and not having been tried. The jury was excluded during the argument of the point.

Judge Cantrell this afternoon ruled that while at common law a participes crime could not testify against a co-conspirator so long as he himself remained untied, that rule was abrogated under the law of this State, and that Culton was a competent witness, the right to testify being a personal privilege.

Culton was then placed upon the stand and said he knew all the persons indicted as accessories to the Goebel murder. Witness said he attended a conference at Frankfort in January, at which Powers and others were present, and the matter of bringing mountain men to the State capital was being discussed. Hamp Howard, Frank Cecil and other mountain men were there and were asked by Powers how many men they could bring from Harlan, Bell and other counties up there. They promised to bring crowds ranging from fifty to 200 men from each of the counties represented in the meeting. Those in the meeting were to take charge of the men in their respective counties and bring them to Frankfort armed.

Powers said that when the men arrived in Frankfort they would give the Democratic legislators thirty minutes in which to settle the contest, and if they did not settle it in that time they would kill every d—d one of them."

Culton continued: "The mountain men arrived in Frankfort Jan. 22. They numbered from 1,000 to 1,200 men. Those who carried guns and them stacked in the office of the Commissioner of Agriculture and each man was given a tag corresponding with a number on his gun. Capt. Bullock, afterwards connected with the Williamsburg military company, had charge of this part. After holding the meeting in the State-house yard the bigger part of the crowd was sent home.

Culton further said Henry Youtsey came to him and told him he

had found a way Goebel could be killed and no one find out who did it. Youtsey said it could be done from the Secretary of State's office and showed some steel bullets. Witness told Youtsey such a thing should not be done. Ex-Gov. Bradley told witness he had heard Goebel was to be killed and said it must not be done. Witness saw Youtsey again and the latter said the idea had been abandoned. Culton said Powers distributed the money among the various captains who were to bring the mountaineers to Frankfort.

"Don't know," said the witness, "who furnished it. Gov. Taylor furnished me the money to bring the Jackson County crowd."

Witness heard W. R. Johnson, of Jackson county, talk about killing Goebel with nitro-glycerin. Witness said Gov. Taylor did not want the mountain men to go home. Witness said Powers said they ought to be sent away, as they had not done what they were brought there for. Witness told Taylor that Powers was a hot-headed d—d fool, but he would wait and everything would be all right.

Witness said Taylor sent word to Powers that he would pay the expenses of the men. Witness went to Berry Howard and others at Taylor's instance and told them that the Governor wanted them to remain and not go home as Powers wanted them to do.

On the day of the Van Meter-Berry contest Gov. Taylor sent orders by witness to Assistant Adjutant General Dixon to have the troops in the arsenal ready to be called out at a moment's notice.

The court adjourned with Culton on the stand and his examination will be resumed to-morrow.

SHADE STRONGER

Was The Local Tobacco Market This Week.

The market this week was a shade better than last on all grades of both leaf and lugs and the sales were made up of all kinds of the weed. The sale of lugs was especially heavy nine hundred hgs-heads changing hands. There was also considerable good leaf offered, with a sprinkling of fine leaf. While offerings were unusually heavy, rejections were small, nearly all of the weed going off at satisfactory prices. Good to fine leaf ranged in prices from \$8.00 to \$12.50. Good to medium leaf commanded from \$8.30 to \$7. Common to medium leaf sold at from \$7 to \$5.50, and lugs ranged from \$5 to \$3.50.

Receipts are light and are not expected to improve until the present growing crop is ready for the market.

FOUND DEAD.

Mrs. Emily Willocks, aged 73 years and a resident of the Herman neighborhood, was found dead in bed Sunday morning, says the Elkton Progress. The deceased had been subject to spasms for years, but retired to her room as usual Saturday night. When the family went to breakfast Sunday morning she was found dead in bed, and is supposed to have expired in one of her paroxysms.

DISSOLUTION NOTICE.

The firm of Gant & Sladen is this day dissolved.

W. C. Sladen has sold his entire interest consisting of stock, fixtures etc. and unpaid accounts to T. L. Gant who will continue business in his own name. Parties owing accounts will please call and make settlement at once by cash or negotiable note, with either T. L. Gant or W. C. Sladen. July 17, 1900.

Americans in China.

The perils and hardships of America's citizens in China, where they are being burned and tortured, would be taken more to heart by the people of this State if they were not thinking so much about their trip to the Lexington Horse Show, Fair and Carnival, Aug. 13-18. Many free tickets. See posters and small bills. Reduced rates on all railroads.

Lucy Price, wife of Rev. Charles Price, col., died at her home on Durrett Avenue Wednesday. She had been ill for several months and died of dropsy. She was 38 years old.

To The Public.

Beginning August 1st, 1900, the grocery firm of E. B. Clark & Co., will do a strictly cash business.

Our business has grown to such proportions that it cannot be satisfactorily conducted on any other basis.

The new system which we will adopt will enable us to sell goods at very much lower prices, and it must necessarily prove advantageous to all parties concerned.

With no salaries of book keepers and collectors to pay out, buying for cash and selling at the smallest possible margin, we can provide the citizens of Hopkinsville and Christian county with groceries at prices never before heard of in this region.

And that is what we are going to do. We hope, and believe, our new plan will lose no one of the many regular customers we now have, and we are confident that the inducements we will be able to offer will bring much more trade to our store.

We wish to cordially thank the public for the excellent patronage we have at all times enjoyed during our entire business career, and respectfully request its continuance.

E. B. CLARK & Co.

Many in One.

With twelve different theaters, a dog show, a monkey show, a pony show, a wild animal show, a streets of all nations, elephants, camels, fireworks, etc., the Lexington Fair provides the most extensive entertainment ever conceived. The Arcadian Villa, the most gigantic amusement feature ever concocted, is open day and night. August 13-18. Reduced rates on all railroads.

Overland Trip.

Rev. John O. Smithson and family, of Highway, Clinton county, are visiting relatives in South Christian. They made the trip of about 150 miles overland, camping out en-route, and were on the road four days. Rev. Smithson has charge of a church at Highway.

A MUTE

Restored to a Sense of Hearing

and Speaking by Filling From

a Ladder.

Pittsburg, July 16.—Some people who believe in signs, say it is bad luck to fall from a ladder, but in the case of T. F. Timmon it was the most fortunate thing that ever happened to him. Timmon is 69 years old and lives at Everett and Omega streets. When he was a lad of 20 he had smallpox, and this destroyed his speech and hearing. During the 59 years of his deaf and dumb life he tried everything he thought would restore his two lost senses, but without success.

Yesterday he mounted a ladder to climb to the roof of his house, which needed repairing. About 25 feet from the ground he slipped and fell. He alighted on a graveled walk on one shoulder. He was picked up unconscious, and while physicians were working with him he opened his eyes, then his mouth, and asked, "Say, what happened?" It was the first sentence his family ever heard him utter. Timmon was more surprised than his relatives. Talking and hearing is so strange to him that he refuses to obey his physician's orders to keep quiet while some bones he broke in his fall are mending. The doctors say the shock cured him.

State Abbreviations Interesting Game.

An interesting game with which to beguile the tedium of long summer evenings spent at home was recently introduced into Louisville by a member of the Woman's Press Club, who had seen it played in the East. It is called "State Abbreviations," and those engaged in it are asked to answer a list of questions with the abbreviations of the States. Prizes, of course, are offered for those giving the most correct answers in a given length of time.

The questions with their answers are as follows:

What is the most religious State? Mass.

The most egotistical? Me.

Not a State for the unity? Wash.

The most Asiatic? Ala. or Ind.

The father of States? Pa.

The most maidenly? Miss.

The most useful in haying time? Mo.

Best in time of flood? Ark.

Decimal State? Tenn.

States of astonishment? La.

State of exclamation? O.

State to cure the sick? Md.

The most unhealthy? Ill.

Best State for students? Conn.

State where there is no such word as fail? Kan.

Women Trustees of State University.

In Illinois each of the political parties at their State Convention put a woman on their ticket for Trustee of the State University. The Republicans nominated Mrs. Carrie Alexander of Belleville, a highly cultured woman, who is greatly interested in education. The Democratic Convention nominated Dr. Julia Holmes Smith as their candidate. Dr. Smith is Secretary of the State Equal Suffrage Association and has just completed her second year as President of the Chicago Political Equality League and is a woman of broad culture and high literary attainments.

The Prohibition Convention nominated two women, one of them, Mrs. Elvira S. Stewart, is Superintendent of Franchise in the W. C. T. U., and a lecturer of some renown; the other, Mrs. Clara Harford, is said to be in every way a capable woman for the position.

The Trustees of the State University will be voted for in November at the same time the State and National officers are elected, as Illinois women are allowed to vote for Trustees of the State University, they will go to the same polls where these terrible men vote and it will be difficult to make some of them understand why it would be any more degrading for them to cast their ballot for their preference of men to fill other important offices than that of Trustee of the State University.

The wise man makes hay while the sun shines, but the fool sows wild oats by the gaslight.

The mother who would be horrified at the thought of letting her daughter wear a strapless gown to a country without guide or counsel, yet permits her to enter that unknown land of womanhood without counsel or caution. Then, in utter ignorance, the maiden must meet physical problems whose solution will effect her whole future life. Dr. Pierce's Favorite Prescription has been named a "God-send to women." It corrects irregularities and imparts such vigorous vitality to the delicate womanly organs, as fits them for their important functions. Many a nervous, hysterical, peevish girl has been changed to a happy young woman after the use of this favorite Prescription. It has established the sound health of the organs peculiarly feminine.
